

New Art and Craft CD

Over 80 fun activities. A great timesaver!

Art and Craft is a fantastic activity to teach all areas of the curriculum from maths, reading, fine motor skills and more. Heather Durrant and I have created a fantastic CD with over 80 art and craft activities to use. You can print out and laminate to use with individuals or small groups, or you can put on your interactive whiteboard for the whole class to follow. The CD includes all the templates for each activity. It also includes the Curriculum Outcomes and examples of Learning Outcomes for the activities.

10 Skills to Learn Through Art and Craft

1. Sequencing
2. Fine Motor skills: cutting, pasting, stapling, painting, colouring, drawing
3. Reading Instructions
4. Problem Solving
5. Matching, Classification
6. Hygiene (washing hands)
7. Social Skills (sharing, turn taking, etc)
8. Colour Mixing
9. Communication (non-verbal children can use visuals to request objects etc, verbal students can expand language etc)
10. Sensory Integration (range of different textures etc)
